

# jetStamp 790 & 792

The JetStamp 790 & 792 handheld inkjet printers are perfect for marking absorbent surfaces like uncoated paper and cardboard. Repetitive pressure from using rubber stamps can be taxing, this ergonomic option will ensure that your wrists are pain free even after printing thousands of documents. Print customizable alphanumeric text with one or two line imprints – up to 20 characters per line. Common uses: date, time, received, sequential numbering, lot, exp, part numbers, etc. The user-friendly LCD display allows you to toggle through up to 10 stored prints. Porous surfaces only. Will not print onto shiny or non-absorbent surfaces.

*The 790 & 792 will only print on uncoated, absorbent (not shiny) paper or cardboard. It CANNOT print on plastic, metal, glass, or coated paper/cardboard.*

*jetStamp 790 – Rechargeable battery powered model. 4 AAA. Rechargeable batteries only.*

*jetStamp 792 – Permanent power plugin model. Must be plugged in to an outlet at all time. Remote operation optional- via foot pedal or trigger switch.*
